

WYLAND MURAL FOR SHARK CONSERVATION

Photo: Sean Sauthey

Saving Our Sharks Foundation, Secrets Impression Isla Mujeres, and world-renowned artist Wyland, teamed up to protect sharks alongside the fishing communities that depend on them.

The partnership between Saving Our Sharks Foundation and the Secrets Impression Isla Mujeres hotel, which is centered on shark and ray conservation, inspires visitors to learn about the value of sharks being kept alive. Among the many memorable and unique experiences to be had at the hotel, a standout feature is the stunning shark mural by the beach.

On Feb 22, 2023 Wyland visited Isla Mujeres to meet the Shark Heroes from the Kab Xok and Huachisan fishing cooperatives to learn more about their efforts to conserve sharks. Wyland marked this encounter by painting an impressive mural that will raise awareness to the threats sharks face worldwide, and inspire action for shark conservation like never before!
